01 EXECUTIVE PROFILE

CODE · CYBER · CINEMA

Multi-disciplinary **Principal AI Systems Architect, Full-Stack Engineer, and Offensive AI Security Researcher** with **5+ years of executive and production experience** spanning autonomous multi-agent software, adversarial LLM safety auditing, and broadcast-scale media engineering. Officially accredited by the **Department of ICT (DoICT), Government of Bangladesh** under the national title **"AI Architect — Code, Cyber, Cinema" (ID: F2617827988)**. Recognized by **Google Trust & Safety via the Google Vulnerability Reward Program (VRP)** with official **Google Bug Hunters Awards** and indexed in the **AI Vulnerability Database (AVID)** across multiple AI & Android security disclosures (**Issues #527142483 [Priority P2/S2], #49788864, & #577552191**). Proven track record leading remote engineering and creative teams delivering **10+ broadcast-quality productions per day** alongside cloud SaaS ecosystems for clients across the US, UK, Malaysia, India, and Bangladesh.
